The Pecos

Challenging climbing play system model The Pecos

Steel: 

Ages 5-12

Users 10

Dimensions L: 6'-10.6" W: 3'-5.1 " H: 7'-2.4" | cm L: 215 W: 107 H: 225

Safety Zone 19'-0.9"/15'-6.3" | cm 579.12 / 472.44

Fall Height 7.2w' | 225 cm

Accessible

This climbing and challenging structure is made of powder-coated galvanized steel. It features rounded hoops, allowing players to experience unique climbing challenges each time.

Motor Development

Foot-eye coordination - Improving coordination and balance through various equipment. Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills.

Cognitive Development

Concentration- Developing the ability to focus and maintain attention in equipment requiring concentration. Spatial awareness- Improving the ability to understand and navigate space through mazes and courses..

Emotional Development

Imagination- Encouraging imagination and creating play worlds. Courage- Facing fears and new challenges. Confidence- Building self-confidence and belief in one's personal abilities. Independence- Developing independence and the ability to make personal decisions. Empathy- Developing the ability to understand and accept differences and complexities. Resilience- Coping with failure and trying again.

Physical Development

Climbing - Strengthening arm and leg muscles, developing fitness and endurance. Balancing- Improving balance and posture.

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.
