

TMP-US-5115B

Climbing Rocks B

This challenging play structure consists of three identical geometric shapes, each built from 12 colorful HDPE angels. Each pentagonal angle is equipped with climbing stones and handholds, arranged in different configurations to create varying levels of climbing challenges?enhancing the challenge, experience, and sense of capability for users. This structure creates a desire and expectation for users to return and challenge themselves repeatedly, aiding in the development of arm, leg, and shoulder muscles, boosting self-confidence, and fostering a sense of capability.

Recycled HDPE: ■ ■ ■ ■ ■ ■ ■

Ages 5-12

Users 30

Dimensions L: 11'-11.2" W: 19'-8.2" H: 8'-11.1" | cm L: 373 W: 615 H: 279

Safety Zone 19'-5.7"/24'-2.2" | cm 591.82 / 736.6

Fall Height 8.96" | 280 cm

Accessible

Hand and Foot Holds

Hand and foot holds provide support during play and use of the structure. Players develop their strength and coordination while maintaining stability and security.

Connectors

The connectors in our play structures are designed to securely and safely join parts of the structure. They are made of durable and high-quality materials, ensuring long-term durability without wear.

Climbing Wall

The climbing wall offers a physical challenge that develops the muscle strength, coordination and weight of the players. Climbing the wall improves their problem solving. This is a place where players overcome fears and develop courage and self-confidence.

Recycled HDPE

HDPE (High-Density Polyethylene) is a recycled material made from high-density polyethylene, produced from recycled materials that allows for further recycling. It excels in resistance to UV rays and wear and tear, making it particularly suitable for use in outdoor playground equipment. Its touch is smooth and pleasant, and its appearance is maintained over time. The advantages include high resistance to harsh weather conditions and environmental preservation. The material is capable of absorbing high energy, which helps prevent fractures.

Motor Development

Core muscle strengthening-
Strengthening abdominal and
back muscles through challenging
equipment. Foot-eye coordination
- Improving coordination and
balance through various equipment.
Hand-eye coordination - Developing
coordination and precision in activities
.requiring fine motor skills

Cognitive Development

Concentration- Developing the ability
to focus and maintain attention in
equipment requiring concentration.
Creativity- Developing creative
thinking and imagination in open and
.interactive play

Emotional Development

Imagination- Encouraging
imagination and creating play worlds.
Courage- Facing fears and new
challenges. Confidence- Building self-
confidence and belief in one's personal
abilities. Independence- Developing
independence and the ability to make
.personal decisions

Social Development

Respect for boundaries- Learning the
importance of respecting personal
and social boundaries. Friendship
creation- Creating friendships
and strengthening social bonds.
Respect for boundaries- Learning the
importance of respecting personal
and social boundaries. Friendship
creation- Creating friendships and
.strengthening social bonds

Physical Development

Climbing - Strengthening arm and
leg muscles, developing fitness and
endurance .balance and posture
Balancing- Improving
