# TMP-US-5112
Golden Gate Bridge D

The Golden Gate Bridge D is a challenging structure comprised of ropes and stepping surfaces between two poles. The equipment is designed to challenge users to maintain balance while walking on unstable surfaces, relying on ropes for grip and stabilization. It develops coordination, strength, and balance, forming an integral part of a challenging course for children and youth. Golden Gate Bridge D can be incorporated as part of a full course or as an independent element.

Steel:

Rope Cables:

Ages 5-12 | Users 4 | Dimensions L: 5'-40" W: 20' H: 10'-68" | cm L: 169 W: 628 H: 334 | Safety Zone 17'-7.2"/32'-9.3" | cm 535.94 / 998.22 | Fall Height 5'-44" | 170 cm | Accessible
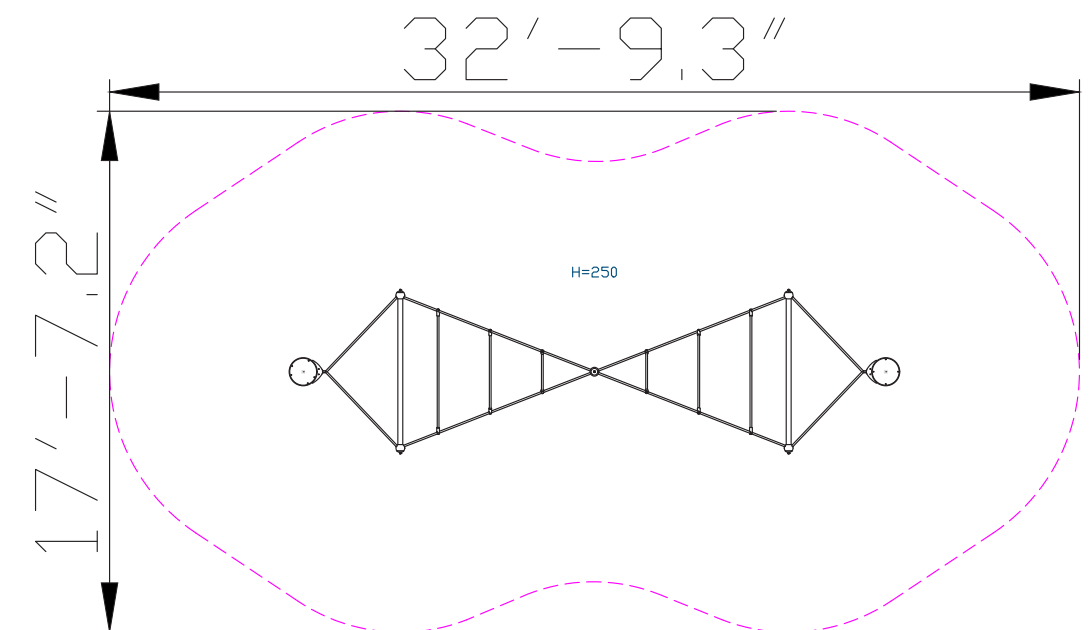

Rope Cables

Rope Cables are made of synthetic polypropylene (PP) fibers combined with a galvanized steel core for improved strength and durability. They meet strict standards, such as ASTM A240 and EN 10088, ensuring durability and safety for use in playground equipment. . The cables offer a soft and pleasant touch that does not harm the hands during use and are available in various diameters and colors, allowing for creative and aesthetic design.

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Motor Development

Foot-eye coordination - Improving coordination and balance through various equipment. Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills.

Cognitive Development

Concentration- Developing the ability to focus and maintain attention in equipment requiring concentration. Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences. Creativity- Developing creative thinking and imagination in open and interactive play.

Physical Development

Balancing- Improving balance and posture.
