Spring Car

Spring Car is a charming car-shaped play structure mounted on springs. Perfect for toddlers and young children, the sturdy springs allow children to rock and experience a sense of movement that simulates driving. The cheerful design, which includes a smiling, friendly face, adds an element of imaginative and engaging play. The structure contributes to the development of balance, coordination, and fine motor skills, turning each play session into a fun and safe experience for children. It is ideal for kindergartens and nurseries.

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Steering Wheel

The steering wheel provides an interactive play experience that develops players' motor skills and coordination. Playing with the steering wheel encourages creativity and a sense of control, offering opportunities for imaginative play where players can pretend they are driving various vehicles.

Seat

A seat that provides a small resting station during play where players can sit and rest. Suitable for short breaks or extended stays. Playing on the seat allows players to take a break from physical activity while maintaining connection with the environment and continuing social interactions.
