## Locomotive Car B

Toddler structure model Locomotive Car B

Recycled HDPE: ■ ■ ■ ■ ■ ■ ■

Steel: ■ ■ ■ ■ ■ ■ ■ ■ ■ ■ ■ ■

Crawling

Jumping

 Ages 2-5

 Users 6

 Dimensions L: 1'-11" W: 10'-5.6" H: 7'-4.3" | cm L: 60 W: 327 H: 230

 Safety Zone 13'-11.8"/17'-0.4" | cm 424 / 518

 Fall Height 1'-9.1" | 55cm

 Accessible

A play structure that complements the Locomotive mode, with seats and rotating steering wheels for each player. Every child can use their own steering wheel, adding an interactive and playful element to the role-play travel experience. The passenger car encourages social play, cooperation, and imagination, while also combining fine motor activities with enjoyment. Its open and safe design makes it ideal for nurseries and kindergartens, creating a fun and enriching environment for developing various skills.

### Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

### Recycled HDPE

HDPE (High-Density Polyethylene) is a recycled material made from high-density polyethylene, produced from recycled materials that allows for further recycling. It excels in resistance to UV rays and wear and tear, making it particularly suitable for use in outdoor playground equipment. Its touch is smooth and pleasant, and its appearance is maintained over time. The advantages include high resistance to harsh weather conditions and environmental preservation. The material is capable of absorbing high energy, which helps prevent fractures.

## Steering Wheel

The steering wheel provides an interactive play experience that develops players' motor skills and coordination. Playing with the steering wheel encourages creativity and a sense of control, offering opportunities for imaginative play where players can pretend they are driving various vehicles.

## Seat

A seat that provides a small resting station during play where players can sit and rest. Suitable for short breaks or extended stays. Playing on the seat allows players to take a break from physical activity while maintaining connection with the environment and continuing social interactions.

## Overlays

Unique and designed visual elements that enhance the overall appearance of the structure. The overlays are durable and add an extra layer of creativity and enriching play experience for players.

## Engravings

Engravings add designs and illustrations to parts of the structure, enriching the play experience with an interesting visual element.

### Emotional Development

Perseverance- Encouraging perseverance and repeated attempts.  
Achievement- Developing a sense of accomplishment and satisfaction from success in challenging .equipment

### Social Development

Cooperation- Encouraging joint work and reaching shared goals.  
Communication- Developing effective and clear communication skills with playmates. Leadership- Providing opportunities for leadership development and group leading.

### Cognitive Development

Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences. Creativity- Developing creative thinking and imagination in .open and interactive play
