Snake Balance Beam

Fitness structure snake balance beam

Steel: 

Balancing

Ages 5-12

Users 6

Dimensions L: 26'-7.1" W: 6'-1.3" H: 1'-9.5" | cm L: 831 W: 191 H: 56

Safety Zone 43'-7.3"/22'-7.6" | 1329 / 690 cm

Fall Height 55" | 1'-9.1" cm

Accessible

A winding metal walking corse made at various angles and heights, designed for balance training.

The Snake balance beam allows for a variety of balance games such as walking, hopping, running, and jumping.

Motor Development

Foot-eye coordination - Improving coordination and balance through various equipment.

Emotional Development

Imagination- Encouraging imagination and creating play worlds. Courage- Facing fears and new challenges. Confidence- Building self-confidence and belief in one's personal abilities. Independence- Developing independence and the ability to make personal decisions. Patience- Practicing patience and waiting for one's turn. Empathy- Developing the ability to understand and accept differences and complexities. Resilience- Coping with failure and trying again.

Cognitive Development

Concentration- Developing the ability to focus and maintain attention in equipment requiring concentration. Spatial awareness- Improving the ability to understand and navigate space through mazes and courses.

Physical Development

Balancing- Improving balance and posture.

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 and MATI 1498/1497 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Inclined Bridge

The inclined bridge offers a physical challenge that develops players' motor skills and balance. The bridge connects two levels at different heights within the play structure, allowing safe and convenient passage between them. Ascending the bridge adds a sense of adventure and challenge as players learn to maintain stability and confidence during the crossing. Playing on the bridge encourages daring and perseverance as players tackle the climb and height.
