Telluride C

Embankment slide and rungs model Telluride

C - based on site plan

Robinia Wood:      

Balancing

Rotation

Climbing

Jumping

Swinging

Crawling

Hanging

Sliding

Ages 5-12

Users 18

Dimensions L: 7'-6.6" W: 3' 2.4" H: 3'-2.4" | L: 236 W: 100 H: 100 cm

Safety Zone: 50'-9.2" / 44'-10.3"

Fall Height 3' 3.37" | 100 cm

Accessible

This imaginative structure combines two embedded slides with a creatively contoured artificial slope, inviting children to climb, slide, and explore. Colorful climbing stones are built into the slope, encouraging independent ascent through physically challenging and rewarding terrain.

The design blends seamlessly into both open landscapes and urban environments, with soft, safe contours and customizable topography. The slope can be finished with safety rubber or tailored according to project needs, including themed climbing elements that reflect the site's aesthetic.

Robinia Wood

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.

Hand and Foot Holds

Hand and foot holds provide support during play and use of the structure. Players develop their strength and coordination while maintaining stability and security.

Log Play Surface

The log play surface provides players with a natural and challenging play space, simulating walking or standing on a tree trunk. The surface combines a natural appearance with stability and safety, encouraging players to develop their balance and coordination while moving.

Motor Development

Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills.

Foot-eye coordination - Improving coordination and balance through various equipment.

Core muscle strengthening- Strengthening abdominal and back muscles through challenging equipment.

Fine motor skills- Developing precise control in small movements through

Cognitive Development

Concentration- Developing the ability to focus and maintain attention in equipment requiring concentration.

Spatial awareness- Improving the ability to understand and navigate space through mazes and courses..

Regulation of force- Developing the ability to apply the right amount of force according to the activity.

Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences.

Creativity- Developing creative thinking and imagination in open and interactive play.

Exposure to diverse material - Learning about different materials and textures.

Educational content - Integrating educational content within the equipment.

Emotional Development

Imagination- Encouraging imagination and creating play worlds.

Courage- Facing fears and new challenges.

Confidence- Building self-confidence and belief in one's personal abilities.

Independence- Developing independence and the ability to make personal decisions.

Patience- Practicing patience and waiting for one's turn.

Initiative- Encouraging initiative and taking an active role in play.

Empathy- Developing the ability to understand and accept differences and complexities.

Resilience- Coping with failure and trying again.

Perseverance- Encouraging perseverance and repeated attempts.

Social Development

Cooperation- Encouraging joint work and reaching shared goals.

Communication- Developing effective and clear communication skills with playmates.

Leadership- Providing opportunities for leadership development and group leading.

Teamwork- Encouraging teamwork and developing group work skills.

Conflict resolution- Learning to resolve disputes and manage conflicts positively.

Empathy- Developing empathy and the ability to understand and empathize with others' feelings.

Respect for boundaries- Learning the importance of respecting personal and social boundaries.

For Friendship creation- Creating friendships and strengthening social

Sensory Development

Touch development- Diverse sensory experiences through different materials and textures.

Hearing development- Stimulating the sense of hearing through the integration of sounds and music.

Vision development- Rich visual experiences through vibrant colors and shapes.

Physical Development

Climbing - Strengthening arm and leg muscles, developing fitness and endurance.

Crawling - Strengthening abdominal and back muscles, improving coordination and flexibility.

Jumping- Improving leg strength and balance.

Hanging - Strengthening arm, back, and shoulder muscles.

Balancing- Improving balance and posture.

Swinging - Strengthening core muscles and enhancing the sense of movement.

Spinning - Improving balance and vestibular functions through carousels.

Sliding - Strengthening leg and arm muscles and improving coordination.
