Fall Height 1' 11.62" | 60 cm

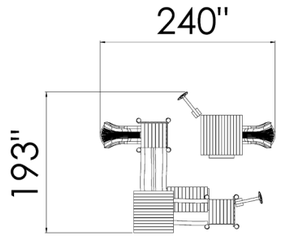

Accessible

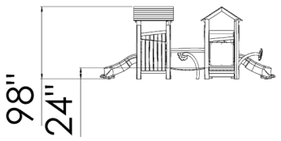

The Fudget play system is crafted entirely from durable Robinia wood, and resembles a small village filled with delightful surprises and intricate details. It features low towers interconnected by wooden bridges, tunnels, slides, balance trails, and engaging game panels. Inspired by rustic rural architecture, the structure fosters an intimate, inviting environment that encourages group play and creative exploration. Designed to support coordination, social imagination, spatial awareness, physical fitness, and fine motor skills, Fudge offers a balanced mix of open and enclosed spaces. This variety creates diverse meeting points for children of all ages and integrates seamlessly into community gardens, schools, and natural parks.

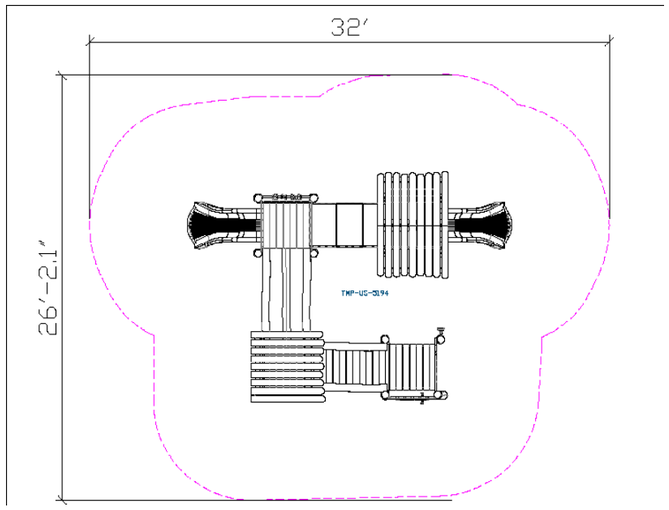

Robinia Wood

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.

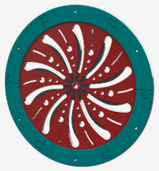

Psagot Playgrounds

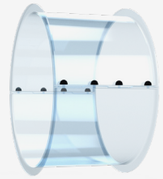

Play Panel

The play panel provides a variety of interactive play options that develop players' motor and cognitive skills. Each panel offers a unique activity that stimulates thinking and encourages players to learn and discover more.

Sound Element

The sound element allows players to create and listen to sounds, adding an interactive and experiential dimension to the play. The element requires at least two players, encouraging social and creative play. It fosters the development of rhythm and timing and promotes an understanding of the propagation of sound waves between participants.

Crawl Tunnel

The crawl tunnel offers a physical challenge that develops players' motor skills, coordination, and balance. Players crawl through the tunnel and enjoy the sense of wonder and excitement as they enter from one side and exit from the other. Playing in the tunnel encourages exploration, daring, and self-confidence while maintaining a safe and enjoyable environment.

Toddler Slide

The toddler slide provides a safe and enjoyable sliding experience for little ones. It develops coordination, movement, balance, and self-confidence for young players.
