Sliding

Ages 5-12

Users 1

Dimensions L: 73'-0.7" W: 4'-2.7" H: 12'-10.4" | L: 2283 W: 132 H: 402

Safety Zone 88'-2.6"/20'-3.8" | 2689 / 619 cm

Fall Height 7'-0.5" | 220 cm

Accessible

This impressive zipline, made from natural Robinia Wood, offers children an exhilerating experience flying through the open air. The sturdy and durable structure provides a safe and enjoyable ride, helping develop movement skills and balance.

Robinia Wood

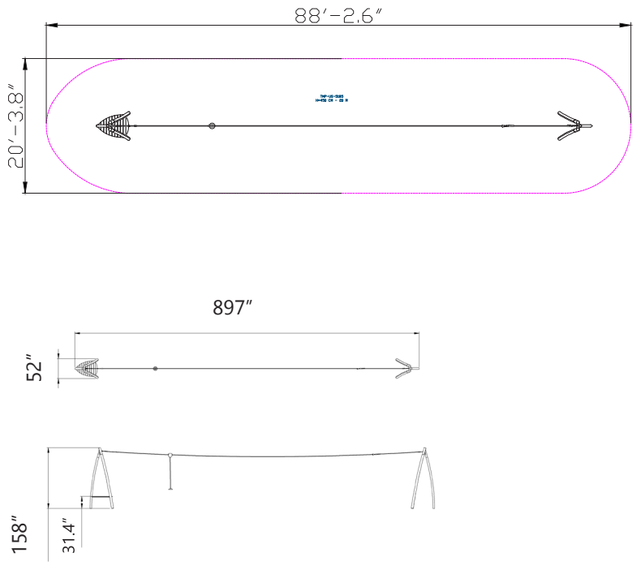

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.

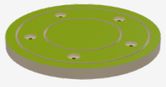

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 and MATI 1498/1497 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Psagot Playgrounds

Tread Surface

The tread surface provides support and safety during play on the structure. The surface is designed to prevent slipping and improve players' stability and security.

Engravings

Engravings add designs and illustrations to parts of the structure, enriching the play experience with an interesting visual element.

Movement Mechanism

The movement mechanism is integrated into the structure to smoothly and safely drive moving components. It is designed to enable controlled and continuous motion, ensuring player safety and extending the lifespan of the equipment.

Zip Line

The zip line provides a fast and thrilling sliding experience that develops players' motor skills and coordination. Playing on the zip line encourages daring and self-confidence.

Motor Development

Foot-eye coordination - Improving coordination and balance through various equipment.

Emotional Development

Courage- Facing fears and new challenges. Confidence- Building self-confidence and belief in one's personal abilities. Independence- Developing independence and the ability to make personal decisions.

Physical Development

Sliding - Strengthening leg and arm muscles and improving coordination.
