The Chandelier is a unique seesaw that combines robust Robinia wood with strong ropes to create an engaging group swinging experience. Featuring four balanced ends with individual seats, it invites up to four children to play together, promoting collaboration, communication, coordination, and shared planning.

Designed to nurture balance, core strength, and spatial awareness, the seesaw offers both social bonding and physical development. Ideal for parks, preschool yards, and public spaces, its clean, natural aesthetic blends harmoniously into green and urban environments. Perfect for group fun or solo enjoyment alike.

Robinia Wood

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.
