Play Table Set

Two person play table: Backgammon/ Checkers / Chuts and Ladders

Recycled HDPE:

Steel:

Ages 5-12

Users 2

Dimensions L: W: H: 19'-1.2" | L: W: H: 597 cm

Safety Zone 5'-1.1"/2'-4.7" | 155 / 73 cm

Fall Height 2'-6.7" | 80 cm

Accessible

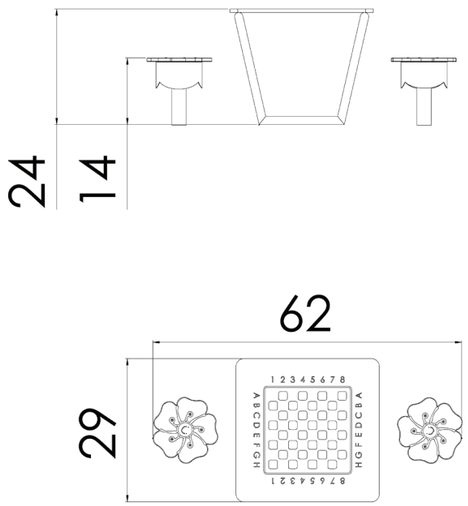

The Play Table set features a variety of two-player games. Perfect for parks, playgrounds, and public spaces.

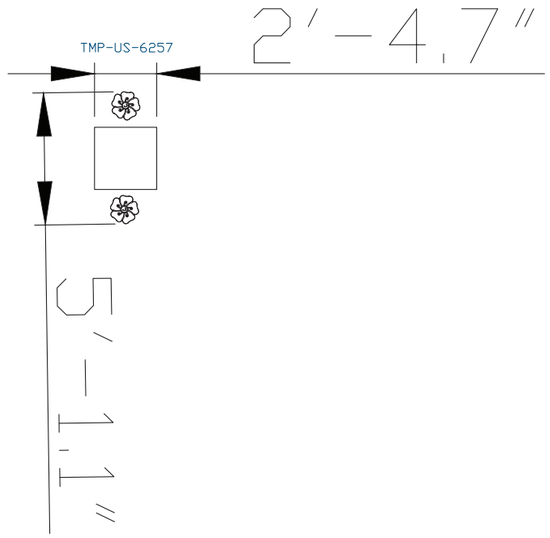

The table includes a combined game board, allowing participants to engage in games such as backgammon, checkers, or chutes and ladders.

Next to the table, two flower-shaped chairs provide comfortable seating for both children and adults.

The combination of strategic games with colorful design makes this a social attraction that fosters cognitive skill development while creating a fun and playful environment for all ages.

The structure is made from durable material and is suitable for outdoor use in various weather conditions, ensuring long-lasting enjoyment.

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. The steel meets strict EN 1176 and MATI 1498/1497 standards, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Recycled HDPE

HDPE (High-Density Polyethylene) is a recycled material made from high-density polyethylene, produced from recycled materials that allows for further recycling. It excels in resistance to UV rays and wear and tear, making it particularly suitable for use in outdoor playground equipment. Its touch is smooth and pleasant, and its appearance is maintained over time. The advantages include high resistance to harsh weather conditions and environmental preservation. The material is capable of absorbing high energy, which helps prevent fractures.

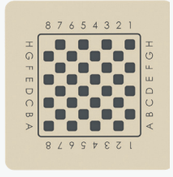

Engravings

Engravings add designs and illustrations to parts of the structure, enriching the play experience with an interesting visual element.

Kalani Stepping Stones

Kalani stepping stones provide safe and pleasant surfaces for climbing and playing. Players develop physical skills such as strength, coordination, and balance while walking on the stones. The stepping stones encourage players to explore their environment and build self-confidence and independence as they enjoy the sense of achievement with every step.

Game

The game allows players to explore and engage in various activities, enhancing their creativity, imagination, and cognitive skills. It encourages players to play togethe.

Motor Development

Foot-eye coordination - Improving coordination and balance through various equipment. Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills.

Cognitive Development

Regulation of force- Developing the ability to apply the right amount of force according to the activity.

Social Development

Perseverance- Encouraging perseverance and repeated attempts. Achievement- Developing a sense of accomplishment and satisfaction from success in challenging equipment.
