Safety Zone 18'-6.9"/12'-7.8" | 566 / 386

This wooden log balance beam is part of the Psagot Playgrounds dog equipment series. It features a pinewood log and a powder-coated steel frame, designed for both training and play. Made from powder-coated steel and premium pinewood, it offers the same high-quality finish as children's playground equipment, with non-toxic paint and carefully sanded wood to avoid splinters.

Robinia Wood

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.
