A walking track designed for dog parks and focusing on improving dogs' fitness and agility. Part of the Psagot Playgrounds dog equipment series, the structure is built to allow dogs to practice walking on an elevated, balanced surface, helping improve their balance and confidence. Made from durable outdoor materials, it ensures a safe and enjoyable training experience for dogs of all sizes. The track is ideal for urban dog parks, training areas, or public parks, encouraging essential physical activity for pets.

Robinia Wood

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.
