Safety Zone 21'-9.7"/13'-3.7" | 665 / 406 cm

The Dog Play seesaw is designed for both training and play. Part of the Psagot Playgrounds dog equipment series, it features a high, dual-slope ramp for training and play. Constructed with a powder-coated steel frame and premium pinewood ramp, the seesaw is finished to the same high standards as children's playgrounds. It uses non-toxic paint, galvanized steel, and high-quality powder coating, with carefully sanded wood that helps prevent splinters.

Robinia Wood

European Robinia wood is natural, robust, and durable, particularly suitable for use in outdoor playground equipment. It complies with stringent standards such as FSC, has a smooth and pleasant touch, a natural and authentic appearance, and integrates well with natural surroundings. Its high durability, long lifespan, and being a natural and safe material make it a popular choice for use in playground equipment.
