TSP-2526D

Modular Plastic Track - 4 Segments

Modular Stepping Pods Course - Four Pods

Balancing Rotation Climbing

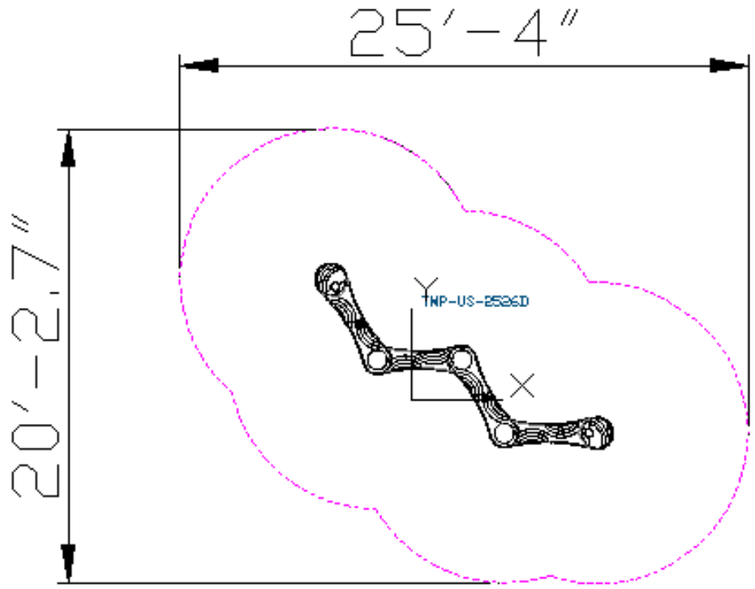

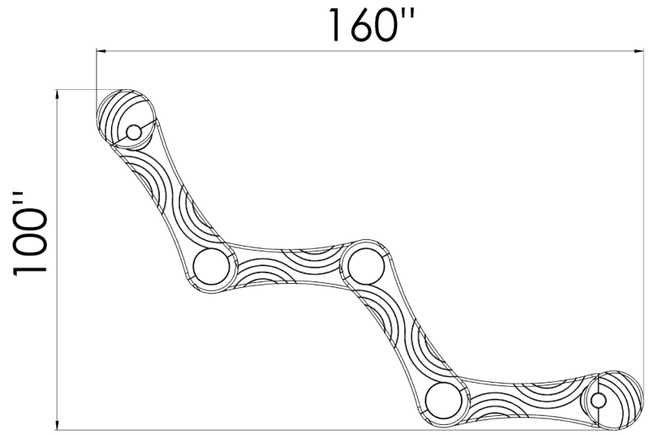

Ages 2-12 | Users 4 | Dimensions L: 160" W: 100" H: 59" | L: 406 W: 253 H: 150 cm | Safety Zone: 25'-4" / 20'-2.8" | 772 / 617 cm | Fall Height 2'-1.3" | 65 cm

This structure is composed of a series of interconnected traversal modules that form a challenging and engaging movement path. Children progress from one module to the next, developing balance, coordination, and movement control through active play.

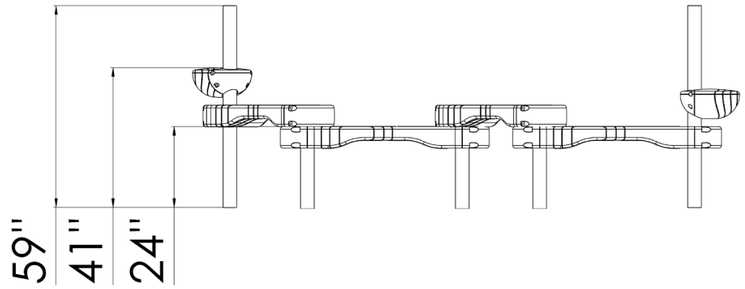

The modular design allows for a wide range of configurations and difficulty levels, depending on the number of modules and their arrangement. This flexibility enables adaptation to different age groups and site conditions, creating a varied and evolving play experience.

The course encourages movement, builds self-confidence, and supports hands-on physical exploration. It integrates seamlessly into playgrounds, schoolyards, and activity spaces, offering an engaging and accessible way to develop motor skills through play.

Motor Development

Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills. Foot-eye coordination - Improving coordination and balance through various equipment.

Sensory Development

Touch development - Diverse sensory experiences through different materials and textures. Vision development - Rich visual experiences through vibrant colors and shapes.

Cognitive Development

Concentration - Developing the ability to focus and maintain attention in equipment requiring concentration. Spatial awareness - Improving the ability to understand and navigate space through mazes and courses. Regulation of force - Developing the ability to apply the right amount of force according to the activity. Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences. Creativity - Developing creative thinking and imagination in open and interactive play. Exposure to diverse material - Learning about different materials and textures.

Emotional Development

Courage - Facing fears and new challenges. Confidence - Building self-confidence and belief in one's personal abilities. Independence - Developing independence and the ability to make personal decisions. Patience - Practicing patience and waiting for one's turn. Initiative - Encouraging initiative and taking an active role in play. Inclusion - Developing the ability to understand and accept differences and complexities. Resilience - Coping with failure and trying again. Perseverance - Encouraging perseverance and repeated attempts. Achievement - Developing a sense of accomplishment and satisfaction from success in challenging equipment.

Social Development

Cooperation - Encouraging joint work and reaching shared goals. Communication - Developing effective and clear communication skills with playmates. Respect for boundaries - Learning the importance of respecting personal and social boundaries. Friendship creation - Creating friendships and strengthening social bonds.

Physical Development

Climbing - Strengthening arm and leg muscles, developing fitness and endurance. Balancing - Improving balance and posture. Spinning - Improving balance and vestibular functions through carousels.
