Jump and Hold

Spring Rider Model Jump and Hold

:Steel

Balancing

Rotation

Climbing

Ages 5-12

Users 2

Dimensions L: 6′ W: 3′-5.4″ H: 3′-2.8″ | L: 132 W: 108 H: 100 cm

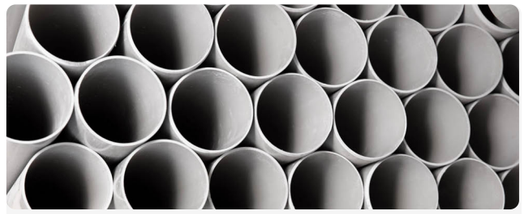

Safety Zone: 16′-3.8″ / 5′-6.9″ | 497 / 170 cm

Fall Height 3′-2.8″ | 100 cm

Accessible

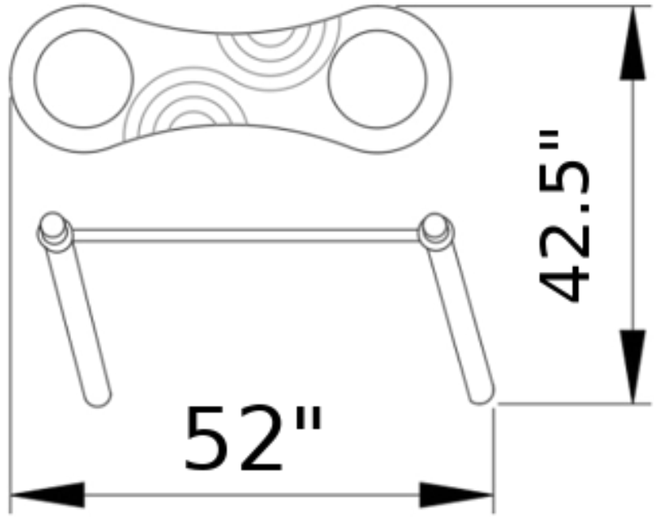

The Jump and Hold spring rider is a playful, characterful play element that invites rhythmic movement and a smooth, enjoyable rocking experience. The structure is supported by a dual-spring system that enables dynamic, continuous motion, while the front handle provides a natural and intuitive grip for safe use.

Its design combines lightness with stability, creating a balanced and engaging motion experience. Jump and Hold easily integrates into playground environments as a colorful and inviting focal point, adding a sense of charm, movement, and free play to any play space.

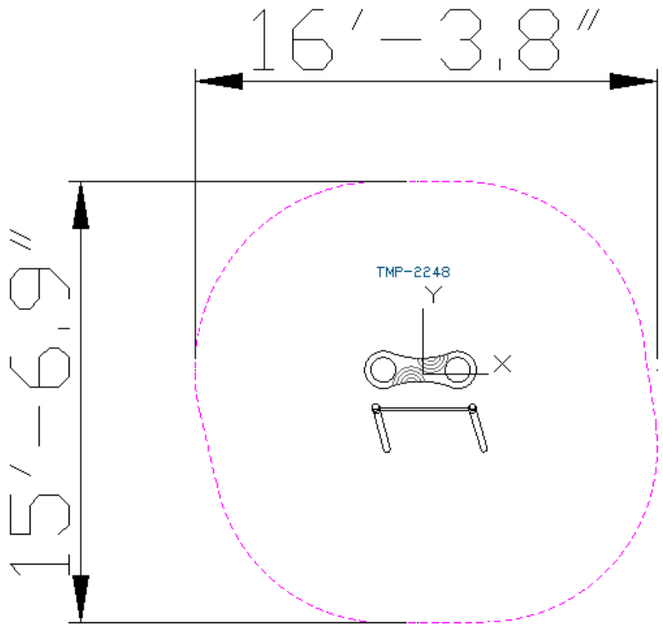

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. It meets strict playground equipment standards such as ASTM A240 and EN 10088, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Motor Development

Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills. Foot-eye coordination - Improving coordination and balance through various equipment.

Sensory Development

Touch development - Diverse sensory experiences through different materials and textures. Vision development - Rich visual experiences through vibrant colors and shapes.

Cognitive Development

Concentration - Developing the ability to focus and maintain attention in equipment requiring concentration. Spatial awareness - Improving the ability to understand and navigate space through mazes and courses. Regulation of force - Developing the ability to apply the right amount of force according to the activity. Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences. Creativity - Developing creative thinking and imagination in open and interactive play. Exposure to diverse material - Learning about different materials and textures.

Emotional Development

Courage - Facing fears and new challenges. Confidence - Building self-confidence and belief in one's personal abilities. Independence - Developing independence and the ability to make personal decisions. Patience - Practicing patience and waiting for one's turn. Initiative - Encouraging initiative and taking an active role in play. Inclusion - Developing the ability to understand and accept differences and complexities. Resilience - Coping with failure and trying again. Perseverance - Encouraging perseverance and repeated attempts. Achievement - Developing a sense of accomplishment and satisfaction from success in challenging equipment.

Social Development

Cooperation - Encouraging joint work and reaching shared goals. Communication - Developing effective and clear communication skills with playmates. Respect for boundaries - Learning the importance of respecting personal and social boundaries. Friendship creation - Creating friendships and strengthening social bonds.

Physical Development

Climbing - Strengthening arm and leg muscles, developing fitness and endurance. Balancing - Improving balance and posture. Spinning - Improving balance and vestibular functions through carousels.
