Accessible Tripod Swing Model Lindbergh

:Steel

Swinging

Ages 2-12

Users 1

Dimensions L: 78" W: 74" H: 94" | L: 264 W: 188 H: 240 cm

Safety Zone: 28'-10.4" / 19'-1.5" | 880 / 583 cm

Fall Height 7'-2.1" | 220 cm

Accessible

The swing is one of the most essential elements in a playground. The joy of swinging, combined with the development of balance and vestibular awareness, plays a fundamental role in a child's physical development.

This design features a rope-seat swing that complies with accessibility standards and is suitable for users with special needs. The seat provides support and stability in a seated position, helping the user feel secure throughout the experience.

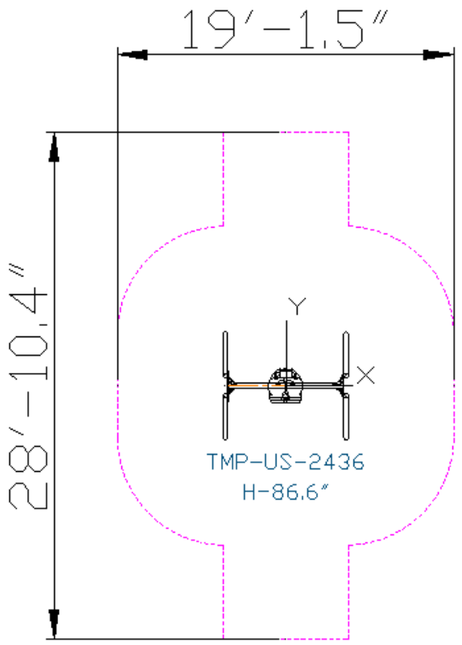

The anchored structure ensures that the swinging motion remains controlled and limited, maintaining stability and safety for the user while still delivering a gentle and enjoyable swinging experience.

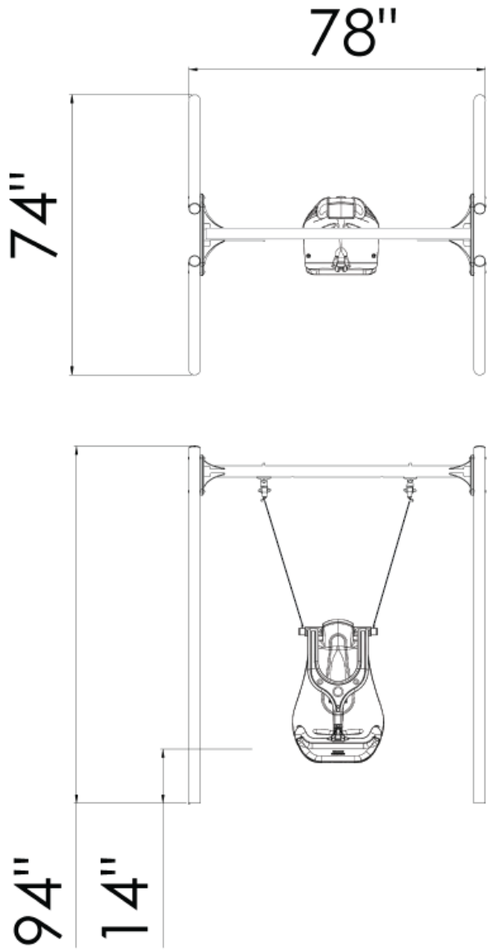

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. It meets strict playground equipment standards such as ASTM A240 and EN 10088, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Motor Development

Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills. Foot-eye coordination - Improving coordination and balance through various equipment.

Sensory Development

Touch development - Diverse sensory experiences through different materials and textures. Vision development - Rich visual experiences through vibrant colors and shapes.

Cognitive Development

Concentration - Developing the ability to focus and maintain attention in equipment requiring concentration. Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences.

Emotional Development

Courage - Facing fears and new challenges. Confidence - Building self-confidence and belief in one's personal abilities. Independence - Developing independence and the ability to make personal decisions.

Social Development

Cooperation - Encouraging joint work and reaching shared goals. Communication - Developing effective and clear communication skills with playmates. Respect for boundaries - Learning the importance of respecting personal and social boundaries. Friendship creation - Creating friendships and strengthening social bonds.

Physical Development

Swinging - Strengthening core muscles and enhancing the sense of movement.
