Crater Swing

Bird Nest Tripod Swing Model Crater Swing

:Steel

Swinging

Ages 2-12

Users 1

Dimensions L: 104" W: 74" H: 94" | L: 264 W: 188 H: 240 cm

Safety Zone: 28'-10.4" / 21'-4.3" | 880 / 651 cm

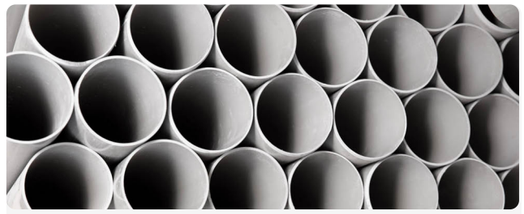

Fall Height 6'-10.6" / 210 cm

Accessible

The swing is one of the most important elements in a playground. The joy of swinging, alongside the development of the balance system, plays a fundamental and meaningful role in a child's development.

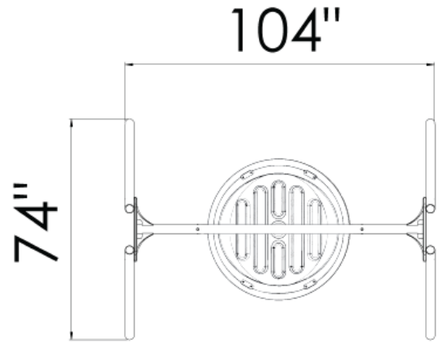

This swing features a tripod A-frame structure with a bird-nest-style seat, model "Crater Swing". It offers a shared and supportive swinging experience, combining comfort, stability, and gentle motion.

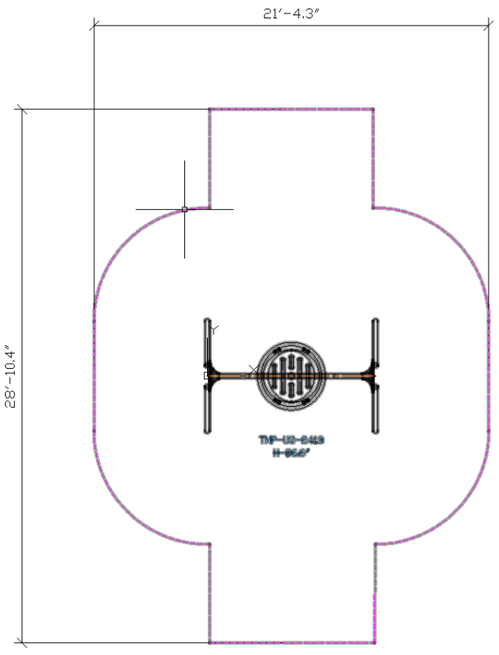

The nest seat provides a secure and enveloping seating position, allowing users to enjoy the swinging movement in a balanced and comfortable way, making it suitable for a wide range of users and enhancing the overall playground experience.

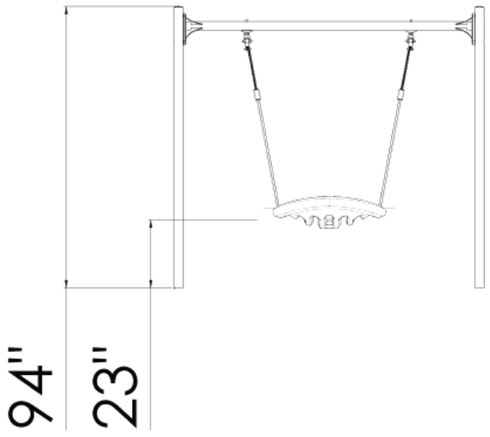

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. It meets strict playground equipment standards such as ASTM A240 and EN 10088, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Motor Development

Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills. Foot-eye coordination - Improving coordination and balance through various equipment.

Sensory Development

Touch development - Diverse sensory experiences through different materials and textures. Vision development - Rich visual experiences through vibrant colors and shapes.

Cognitive Development

Concentration - Developing the ability to focus and maintain attention in equipment requiring concentration. Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences.

Emotional Development

Courage - Facing fears and new challenges. Confidence - Building self-confidence and belief in one's personal abilities. Independence - Developing independence and the ability to make personal decisions.

Social Development

Cooperation - Encouraging joint work and reaching shared goals. Communication - Developing effective and clear communication skills with playmates. Respect for boundaries - Learning the importance of respecting personal and social boundaries. Friendship creation - Creating friendships and strengthening social bonds.

Physical Development

Swinging - Strengthening core muscles and enhancing the sense of movement.
