2 Seater Swing

Tripod Swing with Double Seat

:Steel

Swinging

Ages 5-12

Users 2

Dimensions L: 78" W: 74" H: 94" | L: 264 W: 188 H: 240 cm

Safety Zone: 28'-10.4" / 18'-6.1" | 880 / 564 cm

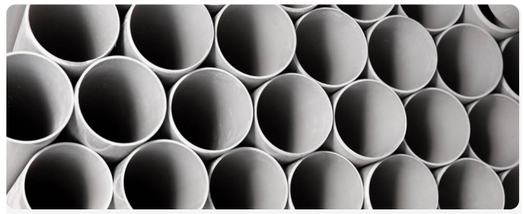

Fall Height 6'-10.6" / 210 cm

Accessible

The swing is one of the most important elements in a playground. The joy of swinging, alongside the development of the balance system, plays a fundamental and significant role in a child's development.

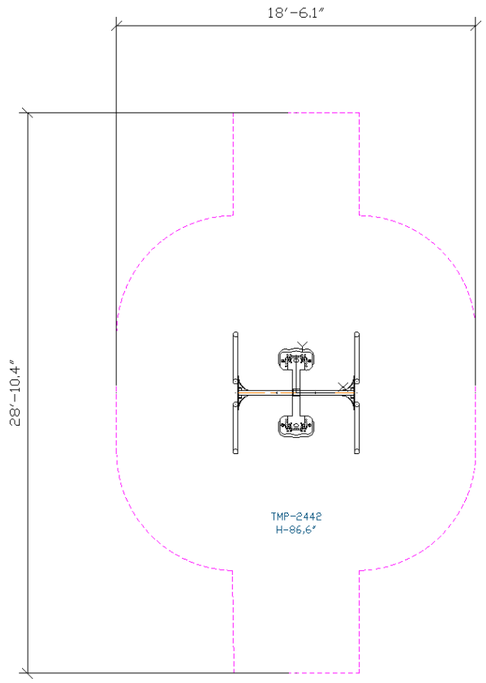

This swing features a connected double-seat design, allowing two users to swing together in a shared experience. The structure encourages coordination, interaction, and mutual balance, while maintaining a smooth and enjoyable swinging motion.

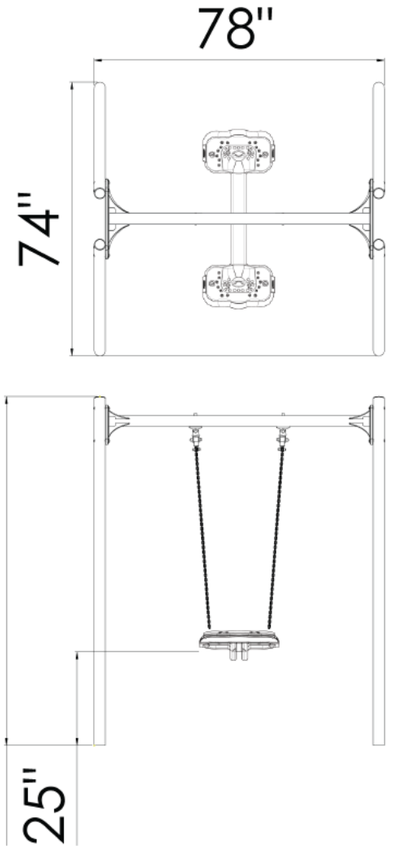

The dual-seat configuration enhances social play and cooperation, offering children a shared moment of movement, rhythm, and fun within a safe and engaging play environment.

Steel

Steel structure that is strong and durable, oven-painted galvanized and coated with lead-free polyester powder for corrosion and rust resistance. It meets strict playground equipment standards such as ASTM A240 and EN 10088, ensuring high quality and safety. The steel is anti-vandalistic, requires minimal maintenance, and is fully recyclable. The high-quality paint ensures weather resistance and maintains a new appearance over time.

Motor Development

Hand-eye coordination - Developing coordination and precision in activities requiring fine motor skills. Foot-eye coordination - Improving coordination and balance through various equipment.

Sensory Development

Touch development - Diverse sensory experiences through different materials and textures. Vision development - Rich visual experiences through vibrant colors and shapes.

Cognitive Development

Concentration - Developing the ability to focus and maintain attention in equipment requiring concentration. Curiosity - Encouraging exploration and discovery through equipment providing new and unfamiliar experiences.

Emotional Development

Courage - Facing fears and new challenges. Confidence - Building self-confidence and belief in one's personal abilities. Independence - Developing independence and the ability to make personal decisions.

Social Development

Cooperation - Encouraging joint work and reaching shared goals. Communication - Developing effective and clear communication skills with playmates. Respect for boundaries - Learning the importance of respecting personal and social boundaries. Friendship creation - Creating friendships and strengthening social bonds.

Physical Development

Swinging - Strengthening core muscles and enhancing the sense of movement.
